Andrew F. Giesen III Poultry Science Undergraduate Internship Award

The Andrew F. Giesen III Poultry Science Undergraduate Internship Award was inaugurated in 2014 with donations from Dr. Giesen's family, friends and Novus International Inc., in memory of his contributions to the industry as a Past President and Fellow of the Poultry Science Association, Past President of the Federation of Animal Science Societies (FASS), and a career-long contributor to the poultry industry as an employee of Novus International Inc.

This \$1,500 award is given to financially support students who have secured an internship for the year the award is given. These funds are to assist students with travel, room and board, and other related expenses accumulated with their internship. Consideration will be given based on financial needs associated with the internship (e.g., airfare and travel, short-term housing, and other expenses not covered by the employer), as well as what impact the student expects the internship to have on his/her future career.

The award is paid to the selected recipient(s). This is not a reimbursement award. Recipients will be required to complete a W-9.

To start a new entry, please select an *Award Type* category followed by the award you are completing a nomination for.

When naming your entry in the "Entry Name" field, please be sure to use the nominee's first/last name, the year, and the name of the award. **See the example below for nominating John Smith as a Fellow for 2023 or the example application for Jane Doe applying for the Diamond V Scholarship.**

Example Entry Name: *John Smith Fellow Nomination 2023*

Example Entry Name: *Jane Doe Diamond V Scholarship Application 2023*

Please Note: *If your submission requires a document upload, unless otherwise specified, the following document types will be accepted: .doc, .docx, & .pdf*

Looking for a printable checklist?

After selecting an award/opportunity below, choose the **Download blank entry PDF for reference** option to print off a blank entry form with an outline of all the materials needed for your submission.

Entry name

☐ **Active PSA
Membership
Required**

This award requires active membership with the Poultry Science Association (PSA). Please check this box to confirm that the individual you are nominating is an active member of PSA. If you are applying for a student award or scholarship opportunity that requires active membership, please check this box to confirm your active membership before proceeding.

Complete the information below to begin your application. The deadline to submit your application is December 31st.

Please note that all scholarships, fellowships, and other student opportunities such as these are contingent on available funding which will be determined annually in January.

Last Name

Email

Please provide your university email.

Institution / University

Membership with PSA

Please note that most scholarship opportunities with the Poultry Science Association (PSA) require active student membership. If the opportunity you are applying for requires student membership, you will be asked to confirm your active membership in order to be considered. Memberships will be cross-referenced with our records.

If you are not a student member, you can join the Association for free [here](#).

The award is paid to the selected recipient(s). This is not a reimbursement award. Recipients will be required to complete a W-9.

Student Qualifications to Apply:

- Active student membership with PSA.

- Pursuing a Bachelor of Science degree with a declared major in any area of life sciences. (from previous outline of the internship program)
- The student must have secured an internship for the year the award is given. The internship must be in or directly related to the field of poultry science or the poultry industry. Past internships and internships taking place in upcoming years will not be considered.
- International students are welcome to apply but are responsible for any necessary work authorizations and/or visas. PSA does not assist with this.

☐ I confirm that I am an active student member of the Poultry Science Association

Applicants will be cross-reference with the PSA membership database. Applicants who do not have active membership will not be considered.

Please note that student membership with PSA is free.

Internship Employer

This is the name of the organization where you will be conducting your internship.

Internship Employer Contact (First and Last Name)

This is the person you are in contact with regarding your internship.

Internship Employer Contact Email

Letter of Support / Internship Offer Letter

This document is to be from the internship employer contact confirming the student has been offered and accepted the internship. Preferably, the letter will be on the organization's letterhead.

Please upload as a PDF.

Essay

1000 words

The essay is to encompass the following:

- Financial need and what the student hopes to get out of the internship experience.
- Students are also encouraged to outline their ambitions for a future career in the poultry industry/poultry science.

Budget (optional)

This document is optional but may be provided if the student wishes to further outline his/her financial needs.

Professional Headshot

Short Biography

250 words
