Zinpro Corporation's Undergraduate Poultry Science Scholarship Award

The purpose of this scholarship is to promote diversity in the poultry science industry. The \$5,000 scholarship is awarded to an undergraduate student with sophomore or junior credit standing at the time of applying. The student is to be able to demonstrate an academic interest in the field of Poultry Science and belonging to gender, racial or ethnic groups that have been historically under-represented in the United States. The selected recipient will be based upon scholastic achievement and service and an interest in continuing to learn and promote the role of the poultry industry in feeding the world's growing population. In addition, preference will be given to those who intend to pursue a graduate education in poultry science or related fields.

Applicants must meet the following qualifications to apply:

- Student is to be in sophomore or junior credit standing at the time of applying and be able to demonstrate an academic interest in the field of poultry science.
- Belong to a gender, racial or ethnic group has been historically under-represented in the United States.
- Applicants are to be attending a U.S. Based Institution of Study

Membership with PSA is not required but is encouraged.

To start a new entry, please select an *Award Type* category followed by the award you are completing a nomination for.

When naming your entry in the "Entry Name" field, please be sure to use the nominee's first/last name, the year, and the name of the award. **See the example below for nominating John Smith as a Fellow for 2023 or the example application for Jane Doe applying for the Diamond V Scholarship.**

Example Entry Name: *John Smith Fellow Nomination 2023*

Example Entry Name: *Jane Doe Diamond V Scholarship Application 2023*

Please Note: *If your submission requires a document upload, unless otherwise specified, the following document types will be accepted: .doc, .docx, & .pdf*

Looking for a printable checklist?

After selecting an award/opportunity below, choose the **Download blank entry PDF for reference** option to print off a blank entry form with an outline of all the materials needed for your submission.

Entry name

Complete the information below to begin your application. The deadline to submit your application is March 31st.

Please note that all scholarships, fellowships, and other student opportunities such as these are contingent on available funding which will be determined annually in April.

Membership with PSA

Please note that most scholarship opportunities with the Poultry Science Association (PSA) require active student membership. If the opportunity you are applying for requires student membership, you will be asked to confirm your active membership in order to be considered. Memberships will be cross-referenced with our records.

If you are not a student member, you can join the Association for free [here](#).
